SMARTS

ARCHI–CAMP

An Architectural Design Workshop

February School Vacation Program

WHO: For students grades 5-8

WHAT: Join Archi-Camp and stretch your creative thinking and problem solving skills. Do you like to draw and build? Do you like designing special places? Archi-Campers design and build all sorts of spaces - scale model dream houses, bridges or tree houses, maybe even cities, parks and zoos. We will do all these things and more using real world mathematics, manipulatives and tools. We provide the drafting tools and the model-making supplies. A good imagination and a willingness to try are all you will need to make your Archi-Camp experience a memorable one.

WHEN: February 16-19, 2010 9:00 - 2:00 PM
WHERE: Coelho Middle School, Attleboro, MA
COST: $130.00 / members* $140.00 / non-members

Teacher: Susan Casey, an architectural design specialist, teaches visual arts at Coelho Middle School in Attleboro, MA. Some of Sue's architectural design projects with students have been a creation of a 12'x 9' high replica of a gothic cathedral with flying buttress and 3' steeple; and the design and creation of a three-dimensional model of 26 historical structures along a three-mile span in Attleboro.

**** Member Towns: Attleboro, Dighton, Easton, Mansfield and Rehoboth***
